ULTRAFLIX ANNOUNCES 4K ULTRA HD SUPPORT ON NEW APPLE TV

Award Winning 4K Ultra HD Network Ready for New Apple TV Release on September 22

SAN JOSE, CA – September 13, 2017 – [NanoTech Entertainment](#) (OTCPINK: NTEK), a pioneer in bringing the 4K experience to consumers, announced today that it has upgraded its Apple TV version of the UltraFlix app to provide support for the upcoming release of the new Apple TV device. On Tuesday at the annual Apple product announcement event Apple introduced the latest generation Apple TV set top box based on the new Apple A10X processor. With support added for 4K Ultra HD and HDR streaming content Apple is now endorsing the industry movement to 4K Ultra HD.

“We are excited that Apple is updating their tvOS with version 11 having full support for 4K Ultra HD and HDR,” stated Mark Morris, lead iOS programmer on the UltraFlix team. “We were able to seamlessly add in our award-winning streaming technology to the new TVOS allowing the UltraFlix app to be able to stream in 4K Ultra HD on the first day that consumers receive their new Apple TV devices.”

Apple has announced that the new Apple TV will be available to consumers on September 22, 2017. Consumers can download the UltraFlix app from the iTunes App store.

About UltraFlix, A NanoTech Company

Headquartered in San Jose, CA, the heart of Silicon Valley, with offices in Los Angeles and Boston, UltraFlix is an award winning direct to consumer 4K Ultra HD media destination and digital distribution network. UltraFlix is world's first 4K Ultra HD streaming content destination delivering hundreds of 4K Ultra HD film selections. UltraFlix is now found on most major 4K Ultra HD TV and OTT streaming devices in the North America, and soon globally. UltraFlix, through its 4K Studios Division, is also engaged in the re-mastering of film and videos, using the company's state-of-the-art scanners and proprietary remastering technologies to create 4K Ultra HD digital masters, for distribution on the UltraFlix Network, with the ability to be released also on the new Ultra HD Blu-ray disks now available. More information can be found at www.UltraFlix.com.
